RE: RESEARCH GRANTS AND FELLOWSHIPS

Could you please send us your program information and application forms on the following:

CTR Projects

If we are not already on your mailing list, please ensure that we receive any revised material or information on new programs.

As we are the sole source of grants information on this campus, please send us enough copies of forms and brochures to serve all UBC applicants. We distribute your information and publicize it through our campus media.

Thank you for your help.

Richard D. Spratley
Director, Research Services

IMPORTANT: *Please ensure that copies of notices of awards made to individuals at UBC are sent to this office . . . thank you.*
